

Explore New Paths to Better Paying Jobs

A Free Workshop presented by

Goodskills
Career Builder

Looking for a fresh start in manufacturing or technology? Ready to boost your resume and land a career based better-paying job? Join Goodskills for a free interactive workshop designed to help you unlock new opportunities and succeed in your job search!

What You'll Gain:

- Insights into a 3-week Manufacturing and Technology Training that prepares individuals for in-demand careers at no cost for qualifying candidates.
- Pro tips for crafting a resume that will get you the interviews you want.
- Proven strategies for a successful job search.

This **FREE** workshop is designed for:

- Jobseekers eager to start a new career in growing industries.
- Professionals ready to change careers for better pay opportunity and benefits.
- Anyone looking to gain confidence, skills, and support for the next step in their career.

Goodskills Career Builder staff will be on hand during this session to give a presentation and answer questions.

Space is limited. For more information and to RSVP, visit:
